sunny and retro

Attention, flea market fans! This adorable throwback of a kitchen gets its look from the distinctly '50s cherry red and mint green color combo. Seating comes in the form of a soda shop-style chrome-and-vinyl dinette set. Adding more vintage appeal: the flower-shaped cabinet knobs and the café curtain fabric with a red scalloped border.

sleek and modern

Does less-is-more decor sum up your style? Then you'd feel right at home in this simple, cool space, with its glossy, flat-front cabinets and island base in shiny gray (both are the Ringhult style from IKEA) and its smooth-surface cooktop. The Carrara marble backsplash—a traditional touch—leans contemporary because of its honeycomb-shaped tiles and barely there grout lines. Daffodil yellow stools from CB2 add the only jolt of color.

colorful and traditional

If classic is your calling, we bet you're oohing and aahing over these upholstered stools with nailhead trim from Bassett and the globe pendants with antiqued brass cages from Circa Lighting. Two different blues on the cabinets and the island base make the space feel a touch modern—ditto the patterny Spanish tile from Fireclay Tile.

warm and natural

For some, a kitchen with wood for miles feels supercomfortable and cozy. This space features not only white oak floors but also walnut cabinetry, mid-century-style walnut stools, and plenty of wood-toned accessories. To cool down all that warmth, the walls are covered in white subway tiles, and the counters are Calacatta marble. A brass chandelier with glass bubble globes has a fun tree-branch look.

coastal and breezy

If you dream of gazing at the ocean while you set the table, this nearly all-white kitchen will put you in vacation mode year-round. Chalk that up to the cabana-stripe slipcovered stools and lots of clear glass, including a set of giant hurricane pendants, see-through lamp bases, and a vase filled with palm leaves. Soothing seascape prints fitting the beachy theme hang on a watery blue wall.

Unlike other brands, Oscar Mayer bacon takes time. It's always cured for 12 hours and smoke-housed for 12 hours, because bacon this good can't be rushed.
